

MEDICAL CERTIFICATE

Date: July 01, 2014

To Whom It May Concern:

This is to certify that I have seen and examined Ms. Cherry Ann Inutan, 24 years old from, Pasig City who complained of severe epigastric pain noted after intake of cold chocolate drink a day prior to consultation. She self medicated with Omeprazole tab 20 mg which afforded temporary relief.

As of present, Pertinent PE findings are normal and she is physically **FIT TO WORK.**

Diagnosis: Acute Gastritis

RECOMMENDATION:

- Omeprazole 20 mg 1 tab OD x 2 weeks

This certificate is issued upon request of the patient for whatever purpose it may serve, except for medico legal cases.

Physician: Monseratt A. Alcantara, MD
